Dear colleague:

Enclosed is a packet of information that includes all technical information regarding each of the DataMaster DMT instruments in your county. This documentation would include maintenance and repair records, certification records, and installation records. This would include documents created or received during October 2011.

Please note that as part of the instrument redeployment process, the DataMaster DMT instruments installed in your county changed. This is noted by instrument serial number in the enclosures section below.

If you have questions or suggestions regarding this process, please don't hesitate to contact me at (802) 863-7570.

Thank you.

Sincerely,

Mary Celotti  
Laboratory Director
